Toilet Cleaner, Floor Cleaner, Dishwash Liquid, Phenyl

Already manufacturing
for national brands like FENA
and renowned modern trade
chains like DMART etc.

Vital Home Kare

About Us:

Vital Home Kare is a partnership firm established in 2021 that specializes in the manufacturing of a wide range of cleaning products, including Detergent Powder, Detergent Cake, Dishwash Bar, and Dishwash Round Bar. Our commitment to manufacture high-quality products has earned us the trust of our partners and customers.

Why Us? :

- **State-of-the-Art Production:** Our fully automatic production line can produce detergent powder at a rate of 5 MT per hour, with detergent cake and scouring bar lines operating at 2.5 MT per hour.
- **Versatile Packaging:** We integrate five FFS packing machines for various SKUs, including 1 Kg, 500 g, 100-170 g (using 4-side seal packaging), 2 Kg, 3 Kg, 4 Kg, and 5 Kg.
- **Cake Production Excellence:** Our cake production line is equipped with three servo-based fully automatic flow wrap machines that provide automatic cutting and stamping capabilities, resulting in SKUs ranging from 60 grams to 300 grams.
- **Strategic Location:** Our facility near Delhi ensures excellent transportation services for efficient product delivery.
- **Environmental Responsibility:** We hold all necessary pollution licenses, adhering to environmental regulations.
- **Rigorous Quality Control:** With a dedicated in-house laboratory spanning over 1000 square feet, our experienced team rigorously tests raw materials, packaging materials, and finished goods to maintain the highest quality standards.

Highlights :

- Detergent Powder plant capacity: 120 MTPD
- Detergent Cake & Dishwash bar plant capacity: 60 MTPD
- We have a 100 MT installed weighbridge on-site
- Plant is 100% accessible and 100% neat & clean

Services We Offer :

Private Label Manufacturing
Contract Manufacturing
Custom Formulation
Customized Packaging

Equipment :

- All Raw Materials (RM) Sieved through Vibro Sieve
- Liquid RM Automatically Weighed with Load Cell
- Vibro Sieve Installed Before final Packing Machine to remove any unwanted matter
- 5 Latest Auto Powder Packaging Machines including multi track (four line), 14 head, 10 head, Load cell vibrator
- Sigma Mixer with 2.0 MT Cake Capacity
- Duplex Vacuum Plodder (10 inches) with Cooling Water Jacket
- Complete Automatic Line from Plodder to Packing (Auto Billet Cutter, Stamper, Packing)
- 3 nos 5 Servo Fully Automatic Flow Wrap Packing Machines (200 UPM)
- 1 Automatic Cake Bundling Machine (50 UPM)
- Separate Fully Automatic Line for Round Bar Production (Bar Cutting, Stamping, Dispensing)

Factory Building and Roads :

- 67,000 sq. ft. Total Building Shed Area
- Three-Storey Admin Building (1,750 sq. ft.), Fully equipped Lab, and 5 Staff 1 BHK Room Sets
- Two 27 ft. Wide Roads inside Plant for Vehicle Movement with Multiple Loading and Unloading Points
- Insulated Main Plant Shed (30 ft. Side Height) with Roxwool for Optimal Working Conditions
- Covered Roads with Tin Shade for Uninterrupted Operations and Rain Protection

Utilities and Electricals :

- Chiller (10 TR)
- Water Softener plant
- Cooling Tower
- Air Compressor (28.1 LPS)
- Shrink Wrap Machine
- Storage Tank for Sodium Silicate Capacity (65 MT)
- Storage Tank for LABSA 89% capacity (200 MT)
- Storage Tank for AOS capacity (80 MT)
- DG set 380 KVA
- Milling Machine
- Electricity Sanctioned Load 200 KW

Quality Assurance :

- Fully Equipped R&D Lab for RM, PM, and FG Testing
- Pilot Plant for Detergent Cake and Dishwash Bar Development
- **Our Lab Equipment Includes :**

Analytical Balance, BD Apparatus, Desiccator, Digital Bursting Strength Tester, Digital pH Meter, Foam Height Apparatus, Fume Hood, Hot Plate, IR Moisture Balance, Magnetic Stir, Oven, Pilot Plant of Cake, Reflectance Meter, Remi Stirrer, Sieve Shaker, UV Lamp, Viscosity Meter, Washing Machine, Water Bath, Water Distillation Plant.

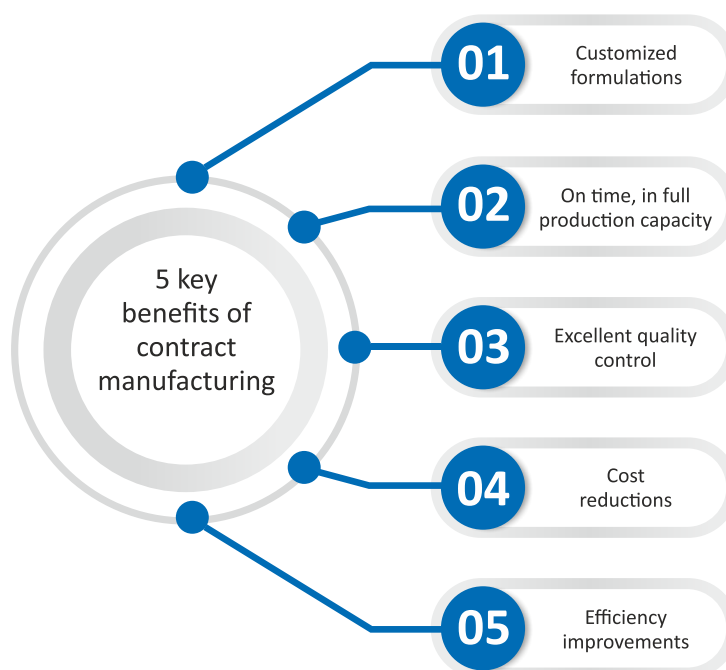

Storage Areas :

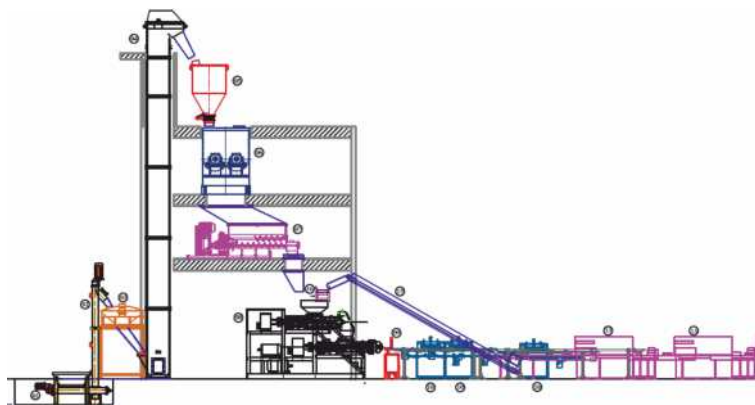

- 7,250 sq. ft. Raw Materials Storage Area
- 7,250 sq. ft. Packing Materials Storage Area
- 9,000 sq. ft. for Finished Goods
- 2 Additional Warehouses Inside Plant for Material Storage

Others :

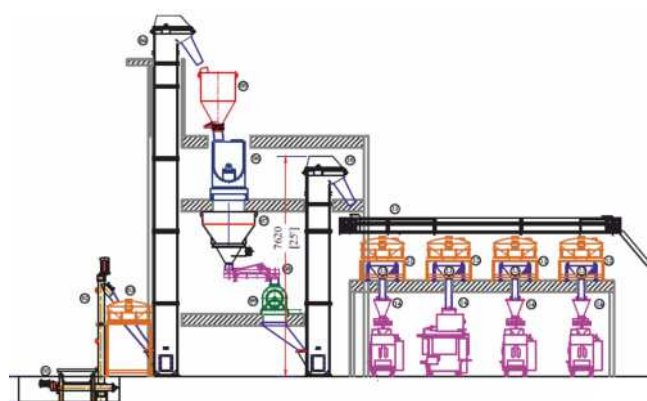

- Secure Boundary Wall with CCTV Surveillance
- Visitor Gallery
- Admin Office with Access to Production Area
- Private Restroom
- Visitor Room
- 2 Guard Rooms
